Wollert, VIC 3750 | 0403 563 771 | mail@bishesl.com.np | LinkedIn | bishesl.com.np

PROFESSIONAL SUMMARY

Service Desk Analyst and IT support professional with hands-on Level 1 and Level 2 experience across retail, healthcare, and community organisations. Currently supporting Bakers Delight stores and Support Office teams, with previous Level 2 consulting experience at Northern Health. Skilled in Microsoft 365, Active Directory, ServiceNow, ITIL-based support, Windows endpoint deployment, networking, retail/POS technology, and asset lifecycle management. Known for clear communication, structured troubleshooting, and practical support for non-technical users.

TECHNICAL SKILLS

Service Desk	Level 1-2 support, ServiceNow, ITIL, incident/problem management, service requests, remote support, ticket documentation
Microsoft	Microsoft 365, Active Directory, Outlook, Teams, SharePoint, Windows 10/11, Azure Fundamentals (AZ-900 in progress)
Endpoints & Retail	Device imaging/deployment, hardware diagnostics, printers, peripherals, mobile devices, meeting-room technology, POS/store technology
Networking	TCP/IP, DNS, DHCP, VPN, Wi-Fi, routers, network connectivity troubleshooting
Operations	Asset lifecycle management, secure disk sanitisation, de-assetting, knowledge-base documentation, vendor coordination

IT & TECHNICAL EXPERIENCE

Service Desk Analyst - Bakers Delight

Jul 2026 - Present

Camberwell, VIC | Full-time, 12-month maximum-term contract

- Provide Level 1 and Level 2 service desk support to Bakers Delight stores and Support Office teams through phone, email, and remote assistance.
- Troubleshoot Windows devices, Microsoft 365, mobile devices, hardware, Wi-Fi, networking, and retail/POS technology to minimise operational downtime.
- Log, prioritise, and manage incidents, problems, and service requests using ServiceNow and ITIL-based processes.
- Deploy and support devices, peripherals, software updates, and meeting-room technology across the bakery network and Camberwell office.
- Maintain knowledge-base documentation and asset records, test fixes, complete post-resolution follow-ups, and coordinate complex escalations with internal teams and vendors.

Level 2 IT Support / Service Desk Consultant - Northern Health

May 2026 - Jul 2026

Epping, VIC | Contract

- Delivered Level 2 service desk and endpoint lifecycle support within a secure, fast-paced healthcare environment.
- Imaged and prepared Windows devices, applied updates, configured peripherals, and ensured endpoints were deployment-ready.
- Performed secure disk sanitisation, asset renaming, de-assetting, and lifecycle processing for retired or replaced equipment.
- Troubleshoot hardware, software, account access, printers, Wi-Fi, VPN, and TCP/IP connectivity; supported Active Directory and Microsoft 365 administration tasks.
- Maintained accurate asset and ticket records, followed organisational standards, and escalated complex issues to appropriate ICT teams.

IT Support Technician - Asylum Seeker Resource Centre (ASRC)

Jul 2025 - Jan 2026

Footscray, VIC

- Provided technical support for hardware, software, and network issues affecting staff and volunteers.
- Set up workstations and configured printers to support reliable day-to-day IT operations.
- Managed user account creation and access, supporting an efficient onboarding process for new team members.
- Maintained system documentation and IT inventory records to improve resource tracking and support consistency.

ADDITIONAL IT EXPERIENCE

IT Support Technician (Volunteer) - Didi Bahini Samaj Victoria (DBSV) Melbourne, VIC	Jan 2024 - Jul 2026
• Provided Level 1 IT support to staff and volunteers across Microsoft 365, Active Directory, hardware, software, printers, and network connectivity. • Created and managed user accounts and supported Outlook, Teams, and SharePoint access and troubleshooting. • Set up workstations, laptops, and user profiles; logged support requests and escalated issues when required. • Delivered AV and Zoom support for meetings and events, providing patient step-by-step assistance to non-technical users.	
Web & IT Systems Assistant - HDR 888 Services Reservoir, VIC	Aug 2023 - Sep 2024
• Built and maintained websites using Squarespace, Wix, and WordPress, applying SEO and performance optimisation practices. • Configured email hosting, professional mailboxes, and Outlook signatures for 20+ users; resolved delivery and configuration issues. • Served as the primary support contact for website and email incidents, diagnosing outages, plugin conflicts, and user errors. • Created digital brand assets and collaborated with developers, designers, and marketing teams to deliver projects under tight deadlines.	

LEADERSHIP & OPERATIONS EXPERIENCE

Site Supervisor - Menzies Facility Services Melbourne, VIC Earlier service with Menzies commenced Jan 2023	Jul 2025 - Present
• Supervise and coordinate staff, rosters, timesheets, inspections, and daily workflow to maintain service and safety standards. • Act as an escalation point for operational issues and client concerns, resolving problems while maintaining service continuity. • Train and induct new employees in equipment use, safety procedures, and quality expectations.
